has implemented and maintains a **Quality Management System**.

Scope:

OQ Chemicals Corporation Headquarters in Houston, Texas provides the following services to the manufacturing locations and distribution terminals: sales and marketing services, supply chain services (order entry, execution, delivery, quality), purchasing/supply management, production planning activities, sales contract review, contract terminal and warehouse administration and product literature. The OXEA Houston, TX facility manages the sales and distribution of Trimethylolpropane (TMP) to published and internal specifications.

The OQ Chemicals Corporation Bay City, TX facility is the regional production facility for n-Butyraldehyde, Isobutyraldehyde, n-Propionaldehyde, Isobutanol, n-Butanol, n-Propanol, Isobutyl Acetate, n-Butyl Acetate, n-Propyl Acetate, n-Heptanal, n-Nonanal, Undecanal, n-Heptanoic Acid, Pelargonic Acid, and Isononanoic Acid. They provide control over their production and testing facilities, and ensure that material leaving the site meets agreed-to production specifications. They may assist the business office in addressing customer requests and complaints.

The OQ Chemicals Bishop LLC Bishop, TX facility is the regional production facility for 1,3-Butylene Glycol (1,3-BG). They provide control over their production and testing facilities, and ensure that material leaving the site meets agreed-to production specifications. They may assist the business office in addressing customer requests and complaints.

Through an audit, documented in a report, it was verified that the management system fulfills the requirements of the following standard:

ISO 9001 : 2015

Certificate registration no. 10005680 QM15
Date of original certification 2007-10-11
Date of certification 2023-09-08
Valid until 2026-09-27
